

Protect Your Pet

Pets frequently lose their sense of scent in snow and ice and can easily panic. Make sure you monitor your pet and keep current contact information on them at all times.

Cold weather is once again upon us so please take every precaution in ensuring you dogs and cats are only outdoors for very short periods of time with your supervision! Other basic cold weather tips include:

Keep a tight leash and never let your dog off the

leash on snow or ice, especially during a snowstorm. Pets frequently lose their scent on snow and ice, especially if snow is falling at a fast rate, and your pet can easily lose his sense of direction. Pets may also panic during a snowstorm and run away; many pets are lost during

the winter months. Remember to keep current identification on your pet at all times!

Never leave your pet alone in a car during cold weather. A car can act as a refrigerator in the winter, holding in the cold. Your pet could literally freeze

Sabres Hockey SPORTS by George Kuhn

Sabres Prove Talent Against Formidable NY Rangers

Their dominating 4-1 victory over the New York Rangers puts to rest the theory that the Buffalo Sabres do not have a talented team. Their defensive commitment against the Rangers made it difficult for the league's highest scoring team to even get a shot on goaltender Anders Nilsson. The Rangers entered the game leading the NHL in wins and third in points while the Sabres were 28 th overall.

First period goals by Zemgus Girgensons and Evander Kane and the final tally by Jack Eichel were the result of players driving hard to the net without the puck, an all too infrequent sight in recent games.

The Sabres attack featured quick north south passes which create a speedy attack, another of coach Dan Bylsma's man-

tras which his players usually fail to follow.

While Rangers goalie Henrik Lundqvist had an off night allowing four goals on 19 shots, the Sabres earned this victory the old fashioned way, by outworking the leagues highest scoring team. While the Sabres first period effort was impressive they choked off any hope of a Rangers comeback from a 3-1 deficit in the third period by holding them without a shot for the first 14 minutes. Goaltender

Anders Nilsson stopped 24 of 25 shots and has a 4-1-1 record in his last six games. Amherst native Justin Bailey scored his first career goal to give the Sabres a 3-0 lead.

This game shows that the Sabres have the talent to score goals and play suffocating defense against the best teams. Their 1-4-2 record in their previous seven games is a fair reflection of their play. Many observers question the state of the franchise and the rebuild wondering if the team has the talent necessary to compete at a high level. While this was only one game, the team has shown that they can deliver a high caliber performance on offense, defense and in goal against an elite opponent. The maddening question is why don't the Sabres play like this more often?

EPIC will be offering “Incredible Years - Parents and Babies,” a FREE parenting workshop series offered for eight consecutive Wednesdays from 5:00 pm - 7:00 pm, starting January 11th at Sisters Hospital, 2157 Main St. Buffalo.

“TY - Parents and Babies” is designed to teach valuable parenting skills (for parents of young children 0-12 months old) and promote children’s optimal social, emotional, physical and academic development. It also helps strengthen the bond between parents and their baby.

Attendance is required at seven out of the eight workshops after which participants will receive a certificate of completion plus a \$30 Walmart gift card.

Registration is required and space is limited. Please register online at www.epicforchildren.org (under workshops) or call 332-4193.

NFWS’s first meeting of the New Year will feature Marty Kutas, a transparent watercolor artist and teacher from Hamburg, NY. She has been a member of the Niagara Frontier Watercolor Society for 19 years, most of that time serving as the Membership Chair. Her traditional painting style emphasizes light, shadow, and experimentation with color with varied subject matter including florals, landscapes, architecture and figures.

All are welcome. 7 pm to 9 pm, Thursday, January 19th at Amherst Community Church, 77 Washington Highway, Snyder.

Explore Buffalo’s annual fundraising event will take place in Buffalo’s historic First Ward from 7 pm to 10 pm, Saturday, January 21st, during the Grain Alley Gala at the newly renovated Barrel

Factory at 65 Vandalia St. Come see what the excitement is all about and support the continued growth of Explore Buffalo’s educational programs.

Your ticket to the event includes appetizers and two drink tickets and a great evening of live music. Tours of Lakeward Distillery inside the Barrel Factory will be given throughout the evening. The Gala will also feature live and silent auctions and a raffle of many unique Buffalo-themed experiences and items.

Tickets can be purchased online at explorebuffalo.org or by calling 245-3032. Tickets will also be available at the door.

SUNY Erie Community College will present its next installment of “Pathway to Prosperity,” a faith-based, educational and career information session, inside its historic City Campus atrium, 121 Elliott St., on Saturday, January 7th, 11 am- 2 pm.

For individuals interested in starting, restarting or redirecting their education or career, local leaders and ECC officials will be on hand to speak about one- and two-year programs that take students from classrooms to professions; financial aid and scholarships available to ease costs for all students; course flexibility to help those already balancing work and family; transportation options to all three ECC campuses; and

Pathways opportunities to non-high school graduates interested in pursuing higher education.

Instant admissions will be available for non-competitive academic programs. Those interested should bring unofficial high school transcript or original GED®/High School Equivalency (with test scores). There will also be prize giveaways for attendees, as well as the chance to win a \$500 scholarship for the Spring 2017 semester.

Erie Community College’s “Pathways to Success” Pre-Collegiate Studies program will start its next session on February 6th, and registration is now open.

The program provides free 10-week, non-credit instruction for adults planning to start college, but aren’t ready academically or need to improve their math and reading skills before taking the ECC placement test. In addition to college reading, writing and mathematics sessions, the program also includes individual assistance with financial aid, career exploration and the ECC application process.

Courses will be offered at convenient times at all three ECC campuses, located in Williamsville, Buffalo and Orchard Park. In addition, classes will be offered at the Buffalo City Mission, 100 E. Tupper St., Buffalo. Most classes meet for three hours, two days per week for 10 weeks.

To qualify, students must be at least 17 years old and possess a high school diploma or equivalency. For more information, call 851-1109.

to death. Leave your pet at home where they are safe.

Thoroughly wipe off your pet's legs and stomach when she comes in and out of the rain, snow or ice. Check her sensitive foot pads, which may be bleeding from snow or ice encrusted in them. Your pet may also pick up salt

When your pet has to go outside, make sure he is dressed appropriately for the conditions.

and other chemicals on her feet accidentally. These chemicals could hurt her if she swallows them while licking her feet.

Check cars for cats during the winter, stray or neglected cats outdoors sometimes sleep under the hood of the car where it's warm and comfortable. If you start the motor, cats could get caught in or flung about by the fan belt, causing serious injury or death. To prevent this, bang loudly on the hood and sides of your car before turning on the ignition to give the cat a chance to escape.

Take your dog outside only for as long as it takes for him to relieve himself. Dogs, particularly small, short-haired breeds like Chihuahuas and terriers, suffer from the cold despite their seemingly warm fur coats.

Your pet runs the chance of catching a cold when wet, especially in cold weather so. If you absolutely must bathe your pet, consult a professional

groomer or veterinarian.

Limit the clipping of your pet's hair in the cold winter months, keeping your pet as warm as possible. Brush your pet daily in lieu of clipping to keep your pet's coat healthy, shiny, clean and mat-free. Make sure your pet has a warm place to sleep far away from outside drafts.

Speak to your veterinarian about increasing your pet's supply of food, particularly protein, to keep his fur thick and healthy through the winter months. Inquire about vitamin and oil supplements.

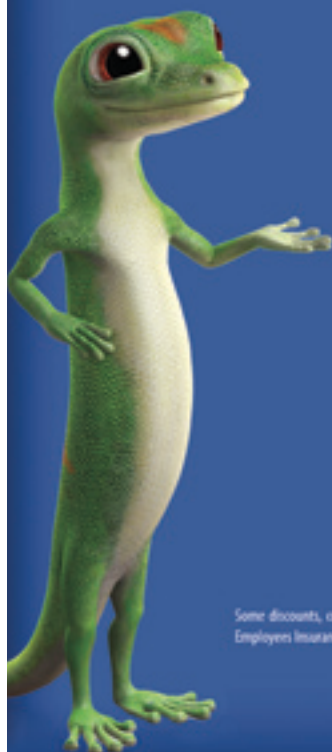

ANTIFREEZE IS POISON TO PETS: anti-freeze, even in small doses, is a lethal poison for dogs and cats! Because of its sweet taste, animals are attracted to it. Be sure to clean up spills thoroughly, and consider switching to an animal-friendly antifreeze. Ensure that, if you store Antifreeze in a garage, shed, or other places accessible to your pets, it is well out of pets' reach.

This is Gemma! She's a 6 year old Shepherd mix looking for a new family. She loves long walks and car rides. Gemma can be a little nervous around men at first, but does warm up pretty quickly with a little patience and some treats. She has lived with other dogs but does not like cats. We require that she meet your resident dogs before the adoption to ensure everyone gets along. She needs a 6 foot fence or to be walked on leash. She may need a little extra time and TLC to adjust to a new family, but we assure you she's more than worth it.
