Don’t Be A Turkey When It Comes To Food Safety!

As planning for the Thanksgiving meal accelerates, it is time to take a moment to review the safest methods to thaw, prepare, stuff, and cook your turkey. “The first rule to follow is that it is essential to thaw turkeys at a safe temperature. Foodborne bacteria multiply

rapidly between 40°F and 140°F. A frozen turkey may be safe indefinitely, but as soon as it begins to thaw, bacteria that may have been present before its freezing can begin to grow again.” states Dr. Gale Burstein, Erie County Commissioner of Health. “Thaw turkeys safely in one of three

ways: in a refrigerator, in cold water that is changed every 30 minutes, or in a microwave oven.” Proper preparation demands cleanliness at all stages. Bacteria on raw poultry can contaminate hands, utensils, other foods and work

This Week's Featured Friend:

MILEY

This pint sized brindle beauty is Miley and she is a party girl that likes to be the center of attention. Miley is higher energy but is super smart, willing to learn, and very responsive to correction when needed. She is treat motivated which is awesome so when doing training sessions with her, she happily does tasks knowing there will be a yummy reward. She has those super adorable pointy ears and is very snuggly once she gets her fitness activities accomplished. Miley does love to play with other dogs but she has a more "rough and tumble" play style so another dog would have to be up for that. We always do meet and greets with resident dogs to make sure they are a fit for each other. We would love to see Miley in a home where she can reach her full potential using that mind to please. She would make a great jogging partner, hiker or learning new tricks in the yard. Please consider this bundle of fun as an addition to your life.

Only Two Players Have More Shots Than Evander Kane

1 The Sabres dropped their sixth straight game 3-2 to the Columbus Blue-jackets Monday night at Key Bank Arena. After being outplayed during the first two periods, two scores late in the third by Sam Reinhart (his 4th) and Evander Kane (his team leading 12th) closed the gap to 3-2 and brought some life into a sparsely populated arena. Despite a replay showing the puck moving across the goal line before being obscured by falling bodies, the ruling was the referee had blown his whistle to stop the play. Even so the Columbus coach John Tortorella was ready to challenge the goal on the basis of goalie interference and it appeared that he had some basis for that objection.

2. The Sabres demonstrated that playing well for ten minutes is not enough to win in the NHL. A strong finish to the game was insufficient to overcome the 3-0 lead the Bluejackets built over 50 minutes. At one point in the first period Columbus was ahead 10-5 in shots which was a fair reflection of the play. Buffalo took the play to Columbus in the third period out shooting them 15-5 to finish ahead 32-29 for the game.

3. Coach Phil Housley stated after the game that the reason Evander Kane keeps scoring is that he shoots the puck. Kane leads

the team with 96 shots in 21 games or 4.6 per game. He is third the league behind only Alex Ovechkin (101) and Max Pacioretty (98). Jack Eichel is second on the team with 67 shots ranking 19th in the league. Ryan O'Reilly is third with 54 shots. With only one goal in six of their last ten games before playing Columbus, the Sabres are desperate for goals. To win in the present day NHL you need to be able to consistently score three goals or better every game.

The Sabres have scored once in seven games and their record in those games is 1-6. With two goals scored their record is 0-7. When scoring three goals, their record is 2-1. When scoring four times their record is 0-2 with a loser point in both games. When scoring five times they are 2-0. When scoring three or more goals, the Sabres have a 4-1-2 record. It looks like coach Housley is right, if you score more you win more.

Maybe Evander Kane can tutor some of his teammates on how to get more shots on goal. But he can't teach effort. Kane in consistently the hardest working playing on the team game after game. That's why he is successful getting shots on goal. If only effort was contagious. This group of players seems largely im-

mune to hard work.

4. With the loss the Sabres now have a season record of 5-12-4 for 14 points. Let's face facts, that means five wins and 16 losses with four "loser points" for an overtime loss. Their 14 points are the second lowest total in the league ahead of only the woeful Arizona Coyotes with 13. While the desert dogs have had exclusive hold on last place for weeks, they are now on a three game winning streak and defeated Toronto 4-1 while the Sabres were losing to Columbus. The Yotes record is now 5-13-3. An Arizona win against San Jose on Wednesday Nov 22nd coupled with a Sabres loss to Minnesota that night will put the Sabres in last place in the entire league. While I like to think that 30 games are needed to get a good idea of how a team stacks up over the long NHL season, after 21 games it looks like the Sabres should be in a full blown rebuild mode.

5. Jack Eichel picked up an assist against Columbus giving him 17 points in 21 games on five goals and 12 assists. This projects to 20 goals and 46 assists for the season. He currently ranks 62nd in NHL scoring and is in the midst of a month long scoring slump with only one goal and five assists for six points in his last 12 games. These are hardly the numbers of a franchise player let alone a presumed generational talent. While he played well against Columbus he has not been noticeable in some games. He has failed to register a single point seven times in his last 12 games. Most nights he plays well briefly and then disappears, almost like he's disinterested at times.

Food Safety Preparations

surfaces during holiday dinner preparation. If work areas are not cleaned thoroughly after preparing the turkey and before working with other foods, bacteria from raw poultry can contaminate other foods. Poultry may contain harmful bacteria such as Salmonella, Listeria, and Campylobacter that can cause infectious diarrhea and more serious complications. "After working with any raw poultry, always wash your hands, utensils, and work surfaces thoroughly before touching other foods," continues Dr. Burstein.

Set the oven cooking temperature no lower than 325°F. Once the turkey is ready for the oven, it is essential that the turkey reaches an internal minimum temperature of 165°F. Stuffing inside a turkey should also be cooked to at least 165°F. As is always true, ensure safety of all foods by keeping the hot foods hot and the cold foods cold.

The best part of a holiday meal is often leftovers! One of the biggest food safety mistakes is leaving food out at room temperature. To keep them safe, refrigerate

leftovers within 2 hours of preparation. Food that sits out for more than 2 hours in the "danger zone", which is above 40°F and below 140°F, risks the growth of bacteria. Store leftovers in 2-inch deep, shallow containers for efficient cooling. Make sure the refrigerator is not over-packed, so that there is plenty of room for cold air to circulate.

Reheating a plate of food in the microwave for a few minutes may seem safe enough. When reheating leftovers, ensure they reach a temperature of 165°F, using a thermometer to ensure all food on the plate is reheated sufficiently to kill any bacteria. Since microwaves heat in an uneven manner and vary in power levels, let reheated and covered food sit covered for 1-2 minutes to allow the heat to further penetrate the food and destroy bacteria that may have been present.

For detailed instructions and additional advice on safely preparing holiday meals, there are numerous informative websites on the internet as well as turkey manufacturers' toll-free numbers.

SUMMONS, NOTICE AND BRIEF STATEMENT OF NATURE OF ACTION
CONSUMER CREDIT TRANSACTION
SUPREME COURT OF THE STATE OF NEW YORK COUNTY OF ERIE
Index No. 805856/2017 M&T BANK, Plaintiff,
-against-
MARK A. DEMPSEY a/k/a MARK DEMPSEY, et al., Defendants.

TO THE DEFENDANT(S): MARK A. DEMPSEY A/K/A MARK DEMPSEY YOU ARE HEREBY SUMMONED and required to serve upon plaintiff's attorneys an answer to the complaint in this action within twenty (20) days after the service of this Summons, exclusive of the day of service, or within thirty (30) days after service is complete if the Summons is not personally delivered to you within the State of New York. The United States of America, if designated as a defendant in this action, may answer or appear within sixty (60) days of service hereof. In case of your failure to answer, judgment will be taken against you for the relief demanded in the complaint. Trial is desired in the County of Erie. The basis of venue designated above is that the real property, which is the subject matter of this action, is located in the County of Erie, New York. NOTICE: YOU ARE IN DANGER OF LOSING YOUR HOME IF YOU DO NOT RESPOND TO THIS SUMMONS AND COMPLAINT BY SERVING A COPY OF THE ANSWER ON THE ATTORNEY FOR THE MORTGAGE COMPANY WHO FILED THIS FORECLOSURE PROCEEDING AGAINST YOU AND FILING THE ANSWER WITH THE COURT A DEFAULT JUDGMENT MAY BE ENTERED AND YOU CAN LOSE YOUR HOME. SPEAK TO AN ATTORNEY OR GO TO THE COURT WHERE YOUR CASE IS PENDING FOR FURTHER INFORMATION ON HOW TO ANSWER THE SUMMONS AND PROTECT YOUR PROPERTY. SENDING A PAYMENT TO YOUR MORTGAGE COMPANY WILL NOT STOP THIS FORECLOSURE ACTION. YOU MUST RESPOND BY SERVING A COPY OF THE ANSWER ON THE ATTORNEY FOR THE PLAINTIFF (MORTGAGE COMPANY) AND FILING THE ANSWER WITH THE COURT. HELP FOR HOMEOWNERS IN FORECLOSURE New York State Law requires that we send you this notice about the foreclosure process. Please read it carefully. Summons and Complaint You are in danger of losing your home. If you fail to respond to the summons and complaint in this foreclosure action, you may lose your home. Please read the summons and complaint carefully. You should immediately contact an attorney or your local legal aid office to obtain advice on how to protect yourself. Sources of Information and Assistance The State encourages you to become informed about your options in foreclosure. In addition to seeking assistance from an attorney or legal aid office, there are government agencies and non-profit organizations that you may contact for information about possible options, including trying to work with your lender during this process. To locate an entity near you, you may call the toll-free helpline maintained by the New York State Department of Financial Services at 1-800-342-3736 or visit the Department's website at www.dfs.ny.gov. RIGHTS AND OBLIGATIONS YOU ARE NOT REQUIRED TO LEAVE YOUR HOME AT THIS TIME. You have the right to stay in your home during the foreclosure process. You are not required to leave your home unless and until your property is sold at auction pursuant to a judgment of foreclosure and sale. Regardless of whether you choose to remain in your home, YOU ARE REQUIRED TO TAKE CARE OF YOUR PROPERTY and pay property taxes in accordance with state and local law. Foreclosure rescue scams Be careful of people who approach you with offers to save your home. There are individuals who watch for notices of foreclosure actions in order to unfairly profit from a homeowner's distress. You should be extremely careful about any such promises and any suggestions that you pay them a fee or sign over your deed. State law requires anyone offering such services for profit to enter into a contract which fully describes the services they will perform and fees they will charge, and which prohibits them from taking any money from you until they have completed all such promised services. The foregoing Summons is served upon you by publication pursuant to an order of HON. Mary L. Slisz, Justice of the Supreme Court of the State of New York, signed on 16th day of October, 2017, in Buffalo, New York and to be duly entered in the Erie County Clerk's Office, Buffalo, New York. The Nature of this action pertains to a note and mortgage held by Plaintiff on real property owned by the above named defendants as specified in the complaint filed in this action. The above named defendants have failed to comply with the terms and provisions of the said mortgage and said instruments secured by said mortgage, by failing and omitting to pay the balance due and owing and the Plaintiff has commenced a foreclosure action. Plaintiff is seeking a judgment foreclosing its mortgage against the real property and premises which situates in the Town of Cheektowaga, County of Erie and State of New York and is commonly known as 18 Saint Paul Ct., Cheektowaga, New York 14225 and all other relief as to the Court may seem just and equitable.
