Floatmingos on the Lake

New this summer is the addition of flamingo paddle rides on Hoyt Lake in Delaware Park. These paddle boats opened for business last week with the popular boat rentals in front of the Marcy Casino. Rental for the flamingos are \$15.00 for a half hour and \$30.00 for a full hour. But attendants say that most people poop out after a half hour. Paddling on the flamingo are Kenmore residents Chaw Khaing, Kyaw Htaik with Mimi and Rudy along for the ride.

Buffalo Zoo to Welcome Guests Back

After closing in March due to the global coronavirus pandemic, the Buffalo Zoo will re-open on Thursday, July 2, 2020, with enhanced health and safety measures in place to protect guests, team members, and animals alike. The Buffalo Zoo Safe Steps were created using the directives outlined in NY Forward: Guide to Reopening New York & Building Back Better and guidance from public health agencies and experts.

On Thursday, July 2, the Zoo will open to Members only. The Zoo will open to the general public on Friday, July 3, 2020. The Zoo will be closed on Tuesdays for deep cleaning and disinfection.

Buffalo Zoo Safe Steps include:

1. Temperature checks using no-touch forehead thermometers for all guests and team members;
2. Required masks/face

coverings for all guests age two and above;

3. A dedicated cleaning and disinfection team and a closure every Tuesday for deep cleaning and sanitation;
4. Reduced daily guest capacity to assist with so-

cial distancing;

5. Required advance online ticket purchase at BuffaloZoo.org, timed entry and touchless, cashless transactions;
6. Modifications to some guest pathways and closures of some exhibit features.

When it re-opens, the Buffalo Zoo is excited to introduce a brand new Member benefit -- Buffalo Zoo Member Mornings. Each day the Zoo is open, Buffalo Zoo Members can wake-

up with the Zoo and enter one-hour before the general public at 9:00 a.m. "We are ecstatic to welcome our members and guests back after our extended closure. I want to thank everyone

Old Fort Niagara To Reopen

Old Fort Niagara is pleased to announce that it will reopen to visitors this Friday, July 3, following its 15-week closure due to the Covid-19 pandemic. Daily hours of operation have been shortened slightly from 10:00 a.m. to 4:00 p.m. to allow for extra cleaning before and after hours. Hourly musket and living-history demonstrations and seasonal food service will resume following proper health and social-distancing guidelines.

"We are really happy that we can welcome visitors back and do so in a safe way for them and our staff," said Robert Emerson, Executive Director of the Old Fort Niagara Association. "Old Fort Niagara is an open, spacious and scenic site where people can easily keep their distances. Even still, we are taking extra measures to keep indoor areas open and clean because the

health and safety of our visitors and staff are our first priorities."

Capacity will be capped at 25 percent in indoor spaces, such as the Visitor Center, museum, and historic buildings. Staff will monitor building capacity and encourage visitors to tour the fort grounds in a clockwise direction to reduce the chances of groups overlapping.

Old Fort Niagara would like visitors to note the following:

- If you are sick, please do not enter the fort and encourage your family not to enter until you are all well.
 - Wear face coverings as per New York State law.
 - Maintain minimum 6-foot social distance.
 - We are committed to keeping you healthy and safe, but we cannot guarantee you will not be exposed to COVID-19. We

Keeping Pets Safe This Summer

The following tips will help keep animal companions safe in hot weather:

- Keep animals indoors, and leave them at home when it's hot outside. Unlike humans, dogs can sweat only through their footpads and cool themselves by panting, so even brief sun exposure can have life-threatening consequences.

- Never leave an animal inside a hot vehicle. Temperatures can quickly soar in parked cars, and a dog trapped inside can die from heatstroke within minutes - even if the car is in the shade with the windows slightly open, which has little to no effect on lowering the temperature inside the car.

- Avoid hot pavement. When outdoor temperatures reach the 80s, asphalt temperatures can climb to 140 degrees,

causing pain, burns, and permanent damage to dogs' paws after just a few minutes of contact. Walk dogs on grass whenever possible, and avoid walking in the middle of the day. Never run with dogs in hot weather—they'll collapse before giving up, at which point, it may be too late to save them.

The following tips will help to calm dogs during fireworks:

- Walk them during daylight hours to avoid times when fireworks are likely to be set off.
- Close windows and curtains to muffle the sound of fireworks.
- Put on some music or TV to mask the firework sounds.
- Create a quiet space where your dog can feel in control.
- Create some hiding places around your home.

Memorable Sabres Moments

On June 30th 2001, Dominik Hasek was traded by the Buffalo Sabres to the Detroit Red Wings for left wing Vyacheslav Kozlov, a 2002 1st round pick (#30-Jim Slater) and future considerations which consisted of a 2003 conditional draft pick which was not exercised by Buffalo.

This was the biggest loss in team history. The franchise player, arguably the best goalie in league history orchestrated his way out of Buffalo just days after team Captain Michael Peca was traded to the New York Islanders after sitting out the season in a salary dispute.

Seeing the way the team cut ties with Peca showed

that the Sabres were not committed to winning. Hasek threatened to retire or return to his native Czechoslovakia if GM Darcy Regier did not move him to a contender. Hasek wanted a chance to play on a Stanley Cup championship team and he saw that opportunity with Detroit.

The Red Wings signed Hasek to a three year contract at \$8 M per season. Detroit was coached by Hall Of Famer Scotty Bowman and featured Hall Of Fame players like Nicklas Lidstrom, Chris Chelios, Steve Yzerman, Brett Hull and others. This was a team built to win championships.

Hasek did not want De-

troit to weaken their team in the trade so the only roster player moved was Vyacheslav Kozlov who was a skilled player with a pair of 30 goal and 20 goal seasons with Detroit. But Kozlov only scored 9 goals for Buffalo playing 38 games in 2001-02 before being traded to the Atlanta Thrashers for a pair of 2002 draft picks, #31 Jeff Deslauriers and #82 John Adams, neither of whom ever played for Buffalo.

The trade left a young Martin Biron and Mikka Noronen in charge of the Sabres goaltending. While Biron posted a nice 2.22 GAA in 2001-02, the Sabres dropped from 98 to 82 points, finished in fifth place in the Northeast Division and failed to qualify for the playoffs for the first time in six seasons.

The loss of Peca, the teams best skater, and Hasek was devastating and the team fell to 72 points in 2002-03 before Daniel Briere, Chris Drury sparked a revival in 2003-04.

Buffalo Zoo to Welcome Guests Back

From page one.
in advance for working together to make each other's visit an enjoyable one, said Buffalo Zoo President and CEO Norah Fletchall. "While the Safe Steps require some extra effort and planning, we see our re-open as a phased one. We will routinely examine the data and reassess what measures can be removed or remain in place to keep everyone safe when they visit the Buffalo Zoo."

The July 2 re-open also marks a significant step in the long road to financial recovery for the Buf-

falo Zoo. With nearly 80 percent of Zoo revenue generated through gate admission, events, and programs, the necessary closure has been financially devastating. "Our highest and first responsibility is to provide exceptional care for the animals that reside at the Buffalo Zoo, even amid a global pandemic. While we have reduced many expenses, our animal care and veterinary teams had to remain on-site during our temporary closure," noted President and CEO, Norah Fletchall. "The cost of ad-

mission or membership to the Zoo not only gets you a fun and memorable experience but also contributes to our long-term survival."

In addition to a visit to the Zoo or the purchase of an annual membership, the public can still make a donation to the Buffalo Zoo Emergency Response Fund. One-hundred percent of contributions to the Fund go to keeping the animals cared for and employees working.

For details and information on the Buffalo Zoo re-open or to purchase tickets, visit buffalozoo.org.

Northwest Buffalo Beat

by Joe Bartz

Makes you wonder!

In case you did not know, the Rocket pages are posted on Facebook every week and that includes this column. Last week the story about the Long killing by two off duty Police officers and another man got more hits than any that have ever appeared. The incident took place 43 years ago but some must not have known about it. It was a big story at the time as it was looked on as a horrible case of police brutality. Is that what drew the readers?

In contrast, the week before I also wrote about a policeman, from the former Precinct 17. This officer died in the line of duty. Shot and killed in a gun battle with a known violent criminal. Both took place in North Buffalo, usually a pretty quiet safe neighborhood. Almost no one read that column online as Social media gives a count. I wondered why there was so much interest in it. Maybe because it involved an incident of misbehavior by our men in blue. The previous

story drew little attention as it made the officer a hero.

Unless you live on another planet, you must be aware of the numerous protests that are being held daily throughout this country. Started with a bad scene in Minneapolis, and escalated into a demand to do away with Police people altogether. I am sure those that are protesting know what they are protesting about. I assume they do not want any men or women in blue in their cities. If they come up with a plan that works, good for them. Eventually will save a lot of taxpayer dollars not having to fund any law enforcement. I am sure they have considered the consequences of not having someone to call if there is a problem. Do the Police fill a need? I know I have called them at times and happy to see them arrive.

Many years ago, when I was a young lad, the beat cop was very visible. He actually walked a beat on

foot, swinging his club like a baton. He checked to see if doors were locked and just had a presence in the neighborhood. He sometimes served as a crossing guard. Everyone knew him and would call him Officer so and so by name. He was like a super hero, Superman, Lone Ranger, and any other good guy you could think of. It was a thrill just to have him acknowledge and talk to you. They also had mounted police on horses. They were a bit more aloof and not able to be as friendly as they were up too high. Just that back then policemen were respected and revered. Then again they did deserve it.

Things are so different now. We do not know how this is going to end. On top of all that, we are still in the middle of a horrible Pandemic. Just when we thought it was getting better, it seems to be getting worse. This flare up is a bit different than before as it is affecting younger people under 50. That is the general age of the protesters. Yet they have not put the two together. You see crowds of thousands standing shoulder to shoulder but according to the people that are supposed to know, that has nothing to do with the recent surge in the virus. How do they know?

Ask Rusty - Widow Unsure About Her Social Security Benefits

Dear Rusty: I am looking for information on my Social Security survivor benefits from my husband. I just turned 65 and have been collecting my Social Security widow's benefit since I was 60. Someone told me that I should take my own Social Security and half of my deceased husband's. I am not sure if that's what I should do. Should I stay as I am until age 70 and then look into this option? Is it even an option? I'm just not sure. I work part time because the widow's benefit just isn't enough to pay my bills. I know there must be others out there as unsure as I am. Signed: Unsure Widow

Dear Unsure Widow: It appears that you have been given some inconsistent information. If you are currently collecting a widow's benefit from your deceased husband and have

been since you were 60 years old, you cannot "take my own Social Security and half of my husband's." You only have two options now - to continue your current surviving widow's benefit (which was reduced because you claimed it before your full retirement age), or to claim your own SS retirement benefit if that is more.

If you are now collecting your survivor benefit (only), your benefit from your own work record is still growing. The key question is whether your own benefit from your own work record will ever be more than you are now collecting from your deceased husband as his widow. If your own SS retirement benefit will be more, you can switch to it whenever it has grown to be more than your current widow's benefit. Your own benefit

will reach maximum at age 70, so never wait beyond that to claim it. But if your current survivor benefit as a widow is more than your own benefit will be at any age, you should simply stay on that widow's benefit.

The easiest way to find this information out is to request a Statement of Estimated Benefits from Social Security. That statement will show you the amounts you are due on your own at your full retirement age and also at age 70 (if you were born in 1955 your FRA is 66 plus 2 months). If either or both of those amounts are more than your widow's benefit, you can continue to collect your widow's benefit until it makes financial sense to switch to your own. To request your Benefits Statement, contact Social Security directly at 1.800.772.1213, or your local office (find it at www.ssa.gov/locator). You can also get this online if you have a "my Social Security" account, and which you can create at www.ssa.gov/myaccount.

LOST STREAM MAP

The STREAM & LAKE MAP OF NEW YORK resembles another map--known to Pennsylvania anglers as the "Lost Stream Map."

It was completed in 1965 after a 30 year effort by Howard Higbee, a former Penn State Professor.

Professor Higbee painstakingly plotted by hand, the location of 45,000 miles of streams onto the map. It sold extremely well - until the printer declared bankruptcy and hauled Higbee's work to the landfill.

But reprints were impossible because the maps were printed in non-photographic blue. Higbee was even offered \$400 for one of his last maps. And state agencies were forced to keep their copies under lock and key.

Then, at the age of 91, Howard Higbee's dream came true. Computers made it possible to reprint the map.

Then the STREAM & LAKE MAP OF NEW YORK was created.

Why every angler and boater needs this map

Professor Higbee's "Stream & Lake Map of New York is the first and only highly detailed map of its kind. The 3.5-foot-by-4.5-foot New York map shows 65,000 miles of streams plus lakes.

For a limited time -- get 3 bonuses with each map

BONUS #2 **REPORT: Finding Secret Fishing Spots** 47 tips, tactics and tools you can use to find your own secret spot and catch more fish.

BONUS #3 **REPORT: How Anglers Stalk and Catch Record Fish** The average big fish has evaded capture for over 10 years. Find out which instincts set them apart from smaller fish. Stalking and catching a trophy requires knowledge of their unique habits and those special times when their guard is down. Armed with the information in this new and exclusive 24-page report--you could be in for the fight of your life.

RAVE REVIEWS

"It is in showing where to find out-of-the-way trout streams that makes the map such a treasure to the fisherman."
—Joe Gordon, TRIBUNE-DEMOCRAT, Johnstown, PA

"I have one of the original Higbee's Stream Map of Pennsylvania on my wall behind my desk. It's the best thing available as far as streams are concerned. I use it all the time for reference. I don't know of anything more extensive and it is the most accurate map out there as far as streams are concerned."
—Dave Wolf, PA Fish and Boat Commission

A new online virtual event, Chillin' and Grillin' is set for July 28, 2020 benefiting the Community Action Organization of Western New York (CAO). Chillin' and Grillin' is Western New York's first ever virtual meat and veggie raffle. Funds raised will help CAO continue their vital programming during the Covid-19 crisis.

Tickets are available

at chillinandgrillin.org for \$50 and include entry into all 12 rounds of drawings, with three spins and winners per round, entry into the three bonus rounds, entry into a gift card raffle, and entry in a 50/50 drawing. Add-on opportunities include grand prize tickets for a five foot cubic freezer full of meat, and 4K UHD Smart LED Roku TV, as well as extra tickets for the 50/50 raffle.

Art from Arty Party will be spinning the big wheel, just as if you were there, on his Facebook page live and on chillinandgrillin.org on July 28. Ticket holders do not need to be tuned in to win. Meats are being provided by Pellicano's Marketplace and items such as; steaks, chicken, burgers, sausage, eggs, bacon, brisket filet, lobster, turkey, ribs, hot dogs, corn, tomatoes, squash, and potatoes.

Thomas Kane, Vice President of Development at CAO shifted to a virtual meat raffle after CAO's Meat Raffle was cancelled in March due to the Covid-19 crisis. He thought a virtual event would be a fun way for the community to help a cause which has stepped up a great deal for Western New York residents in need during the crisis.

"Summer is all about grilling with your family and friends, so this event will help Western New Yorkers who want to stock up on meat and veggies to grill up," Kane said. "There will be more than 100 winners, and they can pick up their winnings at Pellicano's Marketplace on Saturday, August 1, 2020 from 10:00am to 1:00pm. We are still seeking sponsors for the event."

Potential sponsors or anyone with questions regarding the event can call Kane at 716-533-8557.

Ticket numbers will be

randomly generated and assigned at the close of ticket sales, which is a few days before the event. Ticket holders will receive an email from CAO with their assigned numbers at that time. Learn more at chillinandgrillin.org.

The Olmstead Parks Conservancy is hosting a naming contest for the four FLOATmingos in Hoyt Lake. The contest will run from July 1st to July 13th with the winning names announced on July 16th through social media and email. Winners will receive a gift certificate to The Terrace at Delaware Park and one free FLOATmingo ride. To submit names, please visit <http://bit.ly/namethefloatmingo>.

PRAYER TO ST. JUDE

Most holy apostle St. Jude Thaddeus faithful servant and friend of Jesus, the name of the traitor who delivered your beloved Master in to the hands of the enemies has caused you to be forgotten by many, but the Church honors and invokes you universally as the patron of hopeless cases and of things despaired of. Pray for me who am so needy; make use, I implore you of that particular privilege accorded to you to bring visible and speedy help where help is almost despaired. Come to my assistance in this great need that I may receive the consolations and succor of heaven in all my necessities, tribulations and sufferings particularly (here mention your petition) ... and that I may bless God with you and all the elect throughout eternity. I promise you, O blessed Jude to be ever mindful of this great favor, and I will never cease to honor you as my special and powerful patron and to do all in my power to encourage devotion to you. Amen.
