Breast Cancer Awareness Month

Early Detection Saves Lives & Can Find Cancer Before Symptoms Appear.

October is National Breast Cancer Awareness Month ("NBCAM"). Erie County Department of Health ("ECDOH") wishes to remind residents of the vital importance of early detection screenings which save lives.

All women are at risk for breast cancer. A woman in the United States has a 1 in 8 chance of developing invasive breast cancer in her lifetime and the risk of developing breast cancer

increases with age. In addition, women whose close relatives have had breast cancer, especially at an early age, are more likely to develop breast cancer.

In 2012, 826 Erie County women were newly diagnosed with breast cancer and 176 succumbed to the disease. When breast cancer is caught early and treated, survival rates can be near 100 percent. "The importance of women having regular mammo-

grams cannot be emphasized enough," stated Erie County's Commissioner of Health, Dr. Gale Burstein. "Breast cancer treatment has its best chance for success when it is detected early, often before a lump or other symptoms appear. On average, between 2006-2010, only 66% of the breast cancer cases in Erie County were diagnosed at an early stage, so we have a great deal of room for improvement." *Continued on page six.*

125 Participants Randomly Selected to Run 125th Annual YMCA Turkey Trot

YMCA Buffalo Niagara on Monday announced the 125 participants who were randomly selected to participate in the live Turkey Trot on Thanksgiving morning.

This milestone in-person race celebration will run with several modifications in order to adhere to all state and local health, safety, and social distancing protocols. The 125 participants have also agreed to fundraise \$1,000

for YMCA programs and services.

For those not selected for the live event, YMCA

Buffalo Niagara is also hosting a virtual Turkey Trot, a fun option for people to participate in this time-honored Thanks-

giving tradition. Those who register for the virtual race have the option to run, jog, or walk an 8k (4.97 miles) anytime between Thanksgiving Day, Thursday, November 26 through Sunday, November 29. The community is still invited to register and participate in the virtual race. The registration fee is \$35.

Free Virtual Learning Hubs

Every school district in Erie County has prepared a virtual learning model for their students as required by NYS Department of Education. These models include 100% virtual learning and hybrid learning with both in person and virtual instruction. On days when children, specifically those between the ages of 5-12, are expected to participate in virtual learning, working parents throughout the county are grappling with how to support their children's education, while also physically reporting to work. Thus, the Seneca-Babcock Community Association, Inc. has created virtual learning support centers to support the education of school-aged children.

We will provide the care, tech support, meals and supervision to children, primarily (but not exclusively) to those children between the ages of 5 and 12, during the hours which they are required to participate in synchronous and asynchronous virtual instruction or would otherwise be in attendance at school 7:00am to 5:30pm.

If your income is less than 85% of the state median income (SMI) this Service is FREE for your family.

We currently have spots open at:

- (30) Seneca-Babcock Center 1168 Seneca, 14210
- (30) Arlene Mychajliw Center 82 Harrison, 14210
- (45) Hennepin Center 24 Ludington, 14206
- (30) George K Arthur 2056 Genesee, 14211

As you can see, we have very limited space so please call Julie Swatsworth at 716-436-4519 or e-mail julie@senecababcock.com.

When Will Hockey Come Back?

Now that the NHL season is over the big question is the proverbial elephant in the room, when will NHL hockey come back. The realistic issue is whether the teams are obligated to pay the players for the 2020 season whether their season or not. Certainly if the league locked out the players or if the players went on strike there would be no obligation to pay the players. But this is not such a situation.

The NHL teams generate about 60% of their revenue from ticket sales. Add in the concessions, parking and souvenir sales and the number gets even bigger. Currently New York state prohibits fans from attending professional sporting events. Many other teams face the same situation or will have attendance severely limited. With empty buildings there is no revenue stream and there is no way to pay the players without going into deficit spending which will not happen. The situation is worse in Buffalo where the team gets nearly 50% of its ticket revenue from Canadian customers. With border crossing restricted to essential travel, that revenue stream is not available. So this is likely the end of indoor professional sports until a vaccine is developed and proven effective.

While playing in the bubble worked for the Stanley Cup playoffs, the players were nearly unanimous saying they do not want to endure that grind again, being isolated for so long and away from their families.

NHL President Gary Bettman has stated that mid-to-late December or January start was possi-

ble. NHLPA Director David Fehr said that December 1st was the "earliest conceivable date" the season could start. Realistically it would be later.

The NHLPA is organizing a committee to study the issues involved in beginning the next season. Negotiations between the league and players on the length and commensurate salaries will begin, similar to how MLB and their players agreed to start up the baseball season. Both sides will take the time necessary to get this right. "Nobody is going to rush it," Fehr said. "Players are adults."

They understand, they may not like it. They may grumble, and they may wish it was different. I'm sure owners do. I'm sure everybody does. Nobody likes what we're living through. But you don't gain anything by sugar coating or being less blunt than otherwise would be the case. What we have to do is basically proceed on the assumption that there will be a season, that we can figure out how to do it and how do we do it in a way which provides the requisite health and safety for players and staff and broadcasters and the fans once we can get them back in the arenas, but at the same time has some integrity. That'll be the task."

The Stanley Cup playoffs would need to end before the planned start of the 2021 Tokyo Olympics. NBC is the NHL's U.S. TV rights holder and also will broadcast the Olympics.

Former Sabres Zach Bogosian lifts the Stanley Cup.

PRAYER TO ST. JUDE

Most holy apostle St. Jude Thaddeus faithful servant and friend of Jesus, the name of the traitor who delivered your beloved Master in to the hands of the enemies has caused you to be forgotten by many, but the Church honors and invokes you universally as the patron of hopeless cases and of things despaired of. Pray for me who am so needy; make use, I implore you of that particular privilege accorded to you to bring visible and speedy help where help is almost despaired. Come to my assistance in this great need that I may receive the consolations and succor of heaven in all my necessities, tribulations and sufferings particularly (here mention your petition) ... and that I may bless God with you and all the elect throughout eternity. I promise you, O blessed Jude to be ever mindful of this great favor, and I will never cease to honor you as my special and powerful patron and to do all in my power to encourage devotion to you. Amen.

Angel

Our family has always had a dog. As a kid, our pets were almost always mongrels and mixed breeds, just puppies that needed a home. Female dogs would go into heat and have a bunch of puppies by a bunch of different fathers. There was always an abundance of free canines. Hence if you liked animals, you would take one of these cute little four-legged creatures. Back then we used to feed them table scraps as we could not afford dog food. They were loved but not like the pampered dogs of today. A friend once told me they had a dog, but it was just there, nothing special. Only time you knew they were there was when they barked at strangers.

It is not like that today. Our first pedigree was a German Shepard. Friend of mine had a female and wanted to breed and instead of having two dogs, let me raise and train the male. Worked with him and showed him at dog shows. He even won some ribbons and a cup. Breeding never worked out and we had him

for many years, and he was great with our kids.

Our next three dogs were all Golden Retrievers. These are a great breed and good with kids. Very docile, loving, non-aggressive and only barks when necessary. All these dogs became part of the family. The last one lived the longest and was with us for fifteen years. As anyone knows who has had to live through the passing of a dedicated canine it is a hard thing to do. Like the passing of a close friend or even a family member. It hurts and with this one the kids had all moved out so there was only me and my wife. We decided no more dogs as it was too hard to deal with.

Years later when my wife was going through a difficult health problem, it was my thought that maybe it was time to seek out a small companion to rescue as that would be an older and more mature dog. Not having to deal with training a puppy and giving a home to a needy and in most cases an abused animal. After visiting the

SPCA and others we did come up with a small male toy apricot poodle. He as 9 years old but a delight. He gave us two years of happiness as he was so good. We did not realize that an older dog would not last long, so we had to go through that withdrawal again. It did not get any easier. No more dogs.

The woman who helped us get the first rescue dog became a friend and when a similar dog came along, she contacted us. The dog was also a toy apricot poodle but a female. Long story short one look at the dog and she was ours. We have had Angel, her new name, for almost three years. She is my wife's constant companion. Angel came from a puppy mill and had spent her first four years of life in a cage. Her fear of everything, including me, led us to believe she was abused. She did not know grass and a leash was a total unknown. To this day she is still in fear of who knows what, and spooks for no reason. Still her and my wife are inseparable. They have an unshakable love for each other. She has certainly changed our lives. Our goal is to make a good life for this new member of our family. She loves the car so I accommodate her wishes and go on long rides in the country. We want her to be as happy with us as we are with her.

Dorothy and our dog, Angel, inseparable friends.

Ask Rusty- Can I Get Social Security with My Municipal Pension?

Dear Rusty: I retired from a municipal Fire Department seven years ago at the age of 54. It is a private pension, and I was exempt from Social Security while I was working. I receive about \$50,000 per year in pension benefits. I recently got a letter from Social Security saying I needed 8 more credits of work to qualify for Social Security benefits. I was wondering if I worked two more years, paying into Social Security, would I qualify for benefits, since I am on a municipal pension? Signed: Retired Fireman

Dear Retired Fireman: Although your municipal Fire Department pension would reduce your Social Security benefit, it will not eliminate it. So, if you work and earn those additional eight credits you will be entitled to a Social Security benefit.

Because of your non-cov-

ered municipal pension your Social Security benefit will be affected by the Windfall Elimination Provision (WEP), which affects anyone who has a pension from an employer which did not participate in Social Security (neither the employee nor the employer paid into Social Security). WEP uses a special benefit computation formula which will result in you getting a smaller benefit, but you will, nevertheless, get some benefit amount if you have accumulated at least 40 quarters of Social Security credit. Note that your SS benefit amount will be further reduced if you claim it at age 62, or any age prior to your full retirement age.

You earn Social Security credits by working in a job where you pay FICA payroll taxes on your earnings, and you can earn a maximum of four SS credits per

year. For 2020, you'll earn one credit for each \$1410 of earnings, up to a maximum of four credits for the year, but you don't need to work the entire year to get the credits. For example, if you work yet in 2020 and earn \$5640 (4 times \$1410) you'll earn the maximum four credits for this year.

You need a total of 40 quarter credits to become eligible for Social Security, and those credits never expire, so even old credits earned before your Fire Department career still count. And, even if small, this would be a benefit you have earned by contributing to Social Security, so there's little reason not to pursue it by gaining the needed additional credits.

Breast Cancer Awareness Month

From page one.
ment."

Through the ECDOH Cancer Services Program, uninsured and underinsured individuals 40 years and over can receive cancer screening, diagnostic, treatment, and support services for breast, cervical and colorectal cancer. The ECDOH Cancer Services Program will determine eligibility, assist with scheduling screening examinations, and provide information at no cost. Residents can contact the Cancer Screening Program at (716) 886-9201, or visit the Cancer Services Program website, www.cspwny.org.

Commissioner Burstein adds, "Erie County provides free screening mammograms for residents who do not have health insurance or are underinsured. I urge women in those situations to not wait and to contact our Cancer Screening Program as soon as possible to arrange an appointment."

125 Participants Randomly Selected to Run 125th Annual YMCA Turkey Trot

From page one.

Trot is the oldest consecutively run footrace in North America. Proceeds raised from the event benefit children and families who would otherwise be un-

able to afford vital YMCA programs and services. In 2019, Turkey Trot participants helped raise more than \$300,000 in financial assistance for families in need throughout Western

New York.

For the complete list of the 125 participants selected to run the live race or to register for the virtual event, please visit YMCATurkeyTrot.org.

The Herschell Carrousel Factory Museum will be hosting Educational Programs each Wednesday during the month of October. Wonder Wednesdays will take place in the Children's Gallery during regular museum hours. Visitors can join the Museum's STEM Educator in a variety of activities included with regular admission. Activities range from kits, interactives, challenge cards, games, and make n' takes.

October 7th, Wonder Wednesday that Work. Create your own moving machine.

October 14th, Wonder Wednesday in Water. Choose from a variety of Activities involving water, or try them all.

October 21st, Wonder Wednesday with Whimsy. Design your own haunted dark-ride. Experiment with different aspects of Allan Herschell's Historic dark-rides.

October 28th, Wonder Wednesday Witches. In the spirit of Halloween, create some creepy cre-

ations using STEM.

ADOPT A PET

Sponsored By The Buffalo Rocket

This Week's Featured Friend: **PORTER**

Porter is smart, happy, peppy and lovable. He absolutely loves to give kisses and feels a lap is a good place to be. He appears to like to "chase" so toys, balls etc, would be good for him to keep him entertained. He also has a "need for speed" as he is quite interested in fast moving cars. A little work on control and leash manners will help this guy out a lot when it comes to things like that. He is happy when he sees and meets people, and he wants to please which is why training is super important in developing and maintaining a bond with your dog. Porter also likes water so a sprinkler or a kiddie pool should be on Porter's gift list. Because the shelter is only doing meet and greet appointments, and often the dogs aren't getting out as much as they would like to, please be patient and understanding with our shelter dogs, especially a young guy like Porter, when you meet him or bring him into your home. Pet ID 455448715

Because of the COVID19 situation, the shelter is closed to the general public. If you would like to meet any of the adoptable dogs, please fill out an application online (if you are not already pre-approved), call the shelter, and leave a message with your name and phone number and the dog you're interested in. Have patience, and they will call you back when they can. From there, a time will be scheduled for you to come and meet the dog. Please be patient, and remember they are very short staffed at the moment. Applications can be found at <https://friendsofcbas.org/adopt>
