In the late eighties, Dave Gallagher/Joe Bortz, representing the Buffalo Convention Center Board, presented a proclamation to OJ Simpson naming a room at the Center after the Buffalo Bills football star. Sabres Add Johansson and Jokiharju

During the Sabres eight season playoff drought the Boston Bruins have been to the finals three times winning the Stanley Cup once and losing in seven games twice. If you want to have a successful team the Bruins model would be a good one to emulate.

So the Sabres signed free agent left wing Marcus Johansson from the Bruins. Johansson played a big role in Boston's playoff success with four goals and 11 points in 22 games. In the first round he scored the series winning goal in game seven against the Toronto Ma-

ple Leafs. He also scored the series winning goal in game six against the Columbus Blue Jackets. Overall Johansson has played 94 playoff games which will be helpful to the organizations young players who hopefully will learn how to play hard and develop into playoff contenders.

The Sabres were able to sign Johansson due to the Bruins tight salary cap situation. His acquisition continues the teams interest in Swedish players. The Sabres have a big need for a number two center. While Johansson has experience at center he is better at left wing so Buffalo's search for a center will likely continue.

The Sabres also acquired defenseman Henri Jokiharju from the Chicago Blackhawks in a trade for Alex Nylander. Jokiharju was a first round pick of the Hawks in 2017. He is a right shot defenseman who played junior in the WHL for the Portland Winterhawks. Last season at age 19 he played 30 games in the American league and 38 games in the NHL with 12 assists. He has 2 years left on his entry level contract at \$925,00 per year. He is good at creating offense with the first pass out of the defensive zone and is also a good skater who can carry the puck out of his zone go on the attack. He led all Hawks defensemen in Corsi percentage. While he has good skills he will get his points from being a smart defenseman with high level thinking skills

Alex Nylander had shown development in

Rochester especially getting his nose dirty getting involved with hard work in the gritty areas of the ice. But he had never shown any type of consistent use of his skills and never looked like he belonged in the NHL during his 19 games for Buffalo. Nylander is another

Tim Murray draft pick that Jason Botterill has traded away. With the Sabres in search of a second line center and a surplus of eight right hand defensemen A trade is in the future and Rasmus Ristolainen is the player with the highest asset value.

Las Vegas

On one of our many trips to Las Vegas we were at a casino that featured a free comedian. We went to his show. He asked people in the audience where they were from. I responded proudly that I was from Buffalo, New York. He answered "is that the place that has two seasons, winter and the fourth of July." Ha, ha poor joke, heard it before. Good thing he was free as he was not that funny. It is not just in Vegas that Buffalo has a reputation for having a lot of snow. I hear it all the time in Florida or wherever we travel. Yes, our claim to fame, unfortunately, is we had a blizzard 42 years ago. That memory is fading but still there.

How many Earthquakes, Hurricanes, Tornados, Major Floods, or Brush Fires have we had here in the Queen City on the lake. Once in Vegas, it was 110 degrees, so hot you could not touch anything metal. You ran from one building to the next as the sun was scorching. Another thing, it has

never hit 100 degrees in Western New York. Out west they sometimes look forward to it cooling down to 100.

My home in Florida has been hit with five Hurricanes since we have been going there. Happens in the summer, I am not there. But I have seen the damage, hard to describe how devastating they could be. Midwest and southern states have unbearable hot summers and devastating Tornados. Also have seen what Tornados can do. We have relatives from down south who love to visit this area in the summer as you can go outside. Our usual days here are in the mid-eighties.

Out west they live with the fear of Earthquakes and Fires that burn acres and acres or land and hundreds of homes. No thank you. How about the pictures we see of Major Flooding in some states? No fear here as Buffalo is 600 feet above sea level. I think New Orleans is 600 feet below. Yes, we do have some snow in

the winter, but it is great here in the summer. And there are some who enjoy the cold weather. I am not one of them anymore. Did not bother me and I lived through the blizzard and many winters, but I chose to spend the winters in warmer climates and the great summer and fall weather right here is WNY.

Getting back to Las Vegas, or "Lost Wages" as my accountant used to call it, an adult fun city. Southwest Airlines had an offer where your companion flew free. I used to get air miles with American Express and had enough to get the free fee for whoever I flew with. Which of course was my wife. At the time the three-hour direct flight to Vegas was \$300 round trip. Using my American Express mileage, we could both fly there and back at no cost. We did it more than once. Then for \$25 we could fly to Burbank, California. One-hour flight from Vegas to Bob Hope airport to see my brother who lives in Glendale. Those days are gone. It would cost about \$2000 for us to do that now and a nine hour flight. So, Vegas is in the past. Been there and done that. Not on my bucket list anymore. They say that what happens in Vegas, stays in Vegas. After not going there anymore, what

Joe Bortz and the Scintas.

money is in my pocket, stays in my pocket. Besides we have our own casinos right here in good old Western New York if you are looking for a little gambling entertainment. At least the money stays here locally, if that helps ease the pain.

Each puzzle consists of a square grid with numbers appearing in all squares. The object is to shade squares so:

- No number appears in a row or column more than once.
- Shaded (black) squares do not touch each other vertically or horizontally.
- When completed, all un-shaded (white) squares create a single continuous area.

PRAYER TO ST. JUDE

Most holy apostle St. Jude Thaddeus faithful servant and friend of Jesus, the name of the traitor who delivered your beloved Master in to the hands of the enemies has caused you to be forgotten by many, but the Church honors and invokes you universally as the patron of hopeless cases and of things despaired of. Pray for me who am so needy; make use, I implore you of that particular privilege accorded to you to bring visible and speedy help where help is almost despaired. Come to my assistance in this great need that I may receive the consolations and succor of heaven in all my necessities, tribulations and sufferings particularly (here mention your petition) ... and that I may bless God with you and all the elect throughout eternity. I promise you, O blessed Jude to be ever mindful of this great favor, and I will never cease to honor you as my special and powerful patron and to do all in my power to encourage devotion to you. Amen.

FCC Robocall Ruling Offers Hope

Seniors may get robocall relief if a new Federal Communications Commission [FCC] ruling prompts phone companies to implement technologies that automatically block them. Dan Weber, an advocate for older Americans, says the ruling is a step in the right direction.

The president of the Association of Mature American Citizens [AMAC] reports that "while it is still early days, it appears the major phone service providers are ready to cooperate. It was good news when Verizon was quick to 'welcome' the ruling."

Verizon issued a statement hours after the FCC announced its decision. In it, the company stated that it is "putting robocallers on notice. We've got their number and we're taking big steps to stop them from doing what they're doing."

Meanwhile, Apple has announced a new software update will be available in the fall that can automatically block un-

wanted spam callers.

Weber says, however, that he is taking a wait and see attitude regarding these latest efforts to rein in phone scammers. "It's a lucrative crime and the perpetrators are tech savvy enough to find new ways to prey on the elderly."

He cites an article on the FCC ruling published by Politico, which noted that: "experts warn that callers slinging bogus tax bills and insurance schemes might still find a way to get through. Calls originating from overseas could present a technical challenge. And the measures are voluntary: phone companies won't be required to take advantage of the call-blocking systems that the FCC is encouraging and could charge consumers fees for using them."

Tech journalist and privacy advocate Paul Bischoff recently prepared an elder fraud analysis of phone scams targeting seniors for the technology research firm, Compari-

Tech. The Bischoff report provides an eye-opening state-by-state assessment of elder fraud. He told AMAC that the FCC ruling to stop unwanted robocalls "is a step in the right direction but ultimately might not have the desired impact for consumers."

The report revealed that seniors are primary targets for fraudsters accounting for 38% of scams and that there are an estimated 5 million cases of elder fraud annually resulting in \$27.4 billion in losses.

"We are hopeful that the new focus on protecting the elderly from phone scammers will have a positive effect going forward. In the meantime, just hang up if a caller starts asking for personal information or makes threats. Don't take their word for it if they say they are calling on official business. No official will ever ask for you to reveal account numbers, Social Security numbers, Medicare id's over the phone."

Great Gift for Any Angler!

Stream & Lake Map of New York

LOST STREAM MAP

The STREAM & LAKE MAP OF NEW YORK resembles another map-known to Pennsylvania anglers as the "Lost Stream Map."

It was completed in 1965 after a 30 year effort by Howard Higbee, a former Penn State Professor.

Professor Higbee painstakingly plotted by hand, the location of 45,000 miles of streams onto the map. It sold extremely well - until the printer declared bankruptcy and hauled Higbee's work to the landfill.

But reprints were impossible because the maps were printed in non-photographic blue. Higbee was even offered \$400 for one of his last maps. And state agencies were forced to keep their copies under lock and key.

Then, at the age of 91, Howard Higbee's dream came true. Computers made it possible to reprint the map.

Then the STREAM & LAKE MAP OF NEW YORK was created.

Why every angler and boater needs this map

Professor Higbee's Stream & Lake Map of New York is the first and only highly detailed map of its kind. The 3.5-foot-by-4.5-foot New York map shows 65,000 miles of streams plus lakes.

RAVE REVIEWS

"It is in showing where to find out-of-the-way trout streams that makes the map such a treasure to the fisherman."

—Joe Gordon, TRIBUNE-DEMOCRAT, Johnstown, PA

"I have one of the original Higbee's Stream Map of Pennsylvania on my wall behind my desk. It's the best thing available as far as streams are concerned. I use it all the time for reference. I don't know of anything more extensive and it is the most accurate map out there as far as streams are concerned."

Canisius Celebrates Sesquicentennial Anniversary

From page one.

also in the planning stages.

Beginning this summer, the campus will be branded with Sesquicentennial images and graphics. Sesquicentennial merchandise and apparel will be available in the Canisius Bookstore and online, and Canisius College: Celebrating 150 Years, a commemorative publication, will be completed in fall 2019.

At Canisius High School, the school year will begin with a picnic on campus to kick off the 150-year celebration. The Sesquicentennial theme will also be incorporated into the Canisius Athletic Hall of Fame induction ceremony in the fall, and several other events throughout the school year including the GAMBIT XLVI dinner auction on March 21, 2020 and Alumni Weekend on June 19-20, 2020.

Also coinciding with the Sesquicentennial will be the release of Blue Doors: 150 Years of Jesuit Education at Canisius High School, 1870-2020, a book by Paul Cumbo '97.

Canisius College was founded by German Jesuits in 1870. Canisius officially opened its doors at 434 Ellicott Street on September 5, 1870, with an enrollment of 35 students in the combined high school and college which were originally housed and operated

as one institution. The ground floor of this bookstore was converted into a single large room for the Latin class and the upstairs rooms served the residential purposes of the Jesuit fathers. By the second academic year, enrollment had nearly doubled to 60 students and a new building became necessary. In 1872, work was completed on a three-story building at 651 Washington Street adjacent to St. Michael's Church built by the French Jesuits of Upper Canada in 1852. The high school was incorporated in 1883 by New York State as the Academic Department of Canisius College, and by September 1912 the high school served 379 boys.

With enrollment numbers climbing to more than 400, the dedication of the "New Canisius College" took place on December 30, 1912, and marked a new era in the history of the institution. The completion of the Old Main building at Main and Jefferson marked the permanent separation of the college and high school.

Today, Old Main is the symbol of Canisius College and its golden dome is one of Buffalo's most distinguished landmarks.

After 1912, the building on Washington Street was used exclusively by the high school, and Canisius High School graduated its first independent class in 1913. In 1944,

the Jesuits purchased the former Masonic Consistory, which included the former George F. Rand mansion, at 1180 Delaware Avenue. Between 1944 and 1948, the high school classes were split, with the upper school students still attending classes at the Washington Street site with the lower school classes at the new location on Delaware Avenue. After construction of a classroom wing, the entire student body was transferred to Delaware Avenue in 1948, which remains the location of the school today. The property holds much history. It served as barracks for troops during World War II, it was the one-time home of the Buffalo Philharmonic Orchestra, and it's the site where President William McKinley died after being shot in 1901.

For more information, contact the Office of College Communications at Canisius College at 716-888-2790 or the Office of Communications at Canisius High School at 716-200-0242.

Canisius College is one of 27 Jesuit universities in the nation and the premier private university in Western New York.

Canisius High School is part of a network of 62 Jesuit high schools in the United States, and 380 Jesuit secondary schools and 190 Jesuit colleges and universities worldwide.

ADOPT A PET Sponsored By The **Buffalo Rocket**

This Week's Featured Friends:

TIGRA

See the video on our Facebook page!

Tigra is a 3-4 year old lab mix who ended up at the shelter when her owners moved out and left her and another dog behind. She is a nice medium sized gal who only weighs about 35 lbs. We aren't sure what she's mixed with but maybe she has some beagle or terrier in her DNA? Turns out that she was pregnant and has raised her puppies and is ready for a home of her own. Her foster mom says she needs to live with easy going, confident dogs as she will get overly bossy with dogs that aren't. She is good with cats, housebroken and crate trained. If you are interested in meeting her, please submit an application and contact her foster mom at jnasbigdawgs@yahoo.com. Pet ID 41359210

PRAYER TO THE BLESSED VIRGIN MARY

Blessed Virgin Mary, Mother of Mercy, by the holy will of your Son, our Lord Jesus Christ, you are our Mother in Heaven. I am comforted in knowing your heart is ever open to those who ask for your help. Your Immaculate Heart is full of tenderness and compassion for sinners like me. I ask that you intercede for me today for ... (mention your prayer intentions)

I trust in your intercession before the throne of God for my needs. Please pray also that if my requests are not in accord with the will of God, that I may be, like you, conformed to His will and not my own. To obtain this precious gift, I honor your loving mercy by praying:
Hail Mary, Full of Grace, The Lord is with thee. Blessed art thou among women, and blessed is the fruit of thy womb, Jesus. Hail Mary, Mother of God, pray for us sinners now, and at the hour of death. Amen.
