125th Annual YMCA Turkey Trot Going Virtual

Since 1896 runners have competed in the cross country race that has become today's Turkey Trot. The race attracts serious runners, amateurs, and team competitors alike. The Turkey Trot is an 8k footrace which traditionally begins on Delaware Avenue, and continues into downtown Buffalo.

YMCA Buffalo Niagara is excited to announce that it will celebrate its 125th annual Turkey Trot virtually. Online registration opens at 11:00 am on Tuesday, September 8, 2020. Registered participants have the option to run, jog, or walk an 8k (4.97 miles) anytime between Thanksgiving Day,

Thursday, November 26 through Sunday, November 29.

Presented by ADPRO Sports, the YMCA Turkey Trot is a time-honored Thanksgiving Day tradition and the oldest consecutively run footrace in North America. Proceeds raised from the event benefit children

and families who would otherwise be unable to afford vital YMCA programs and services. In 2019, Turkey Trot participants helped raise more than \$300,000 in financial assistance for families in need throughout Western New York. Please visit YMCATurkeyTrot.org for more information.

New Mural Honoring John E. Brent

The Albright-Knox's Public Art Initiative recently installed a new mural by Buffalo-based artist James Cooper III, depicting John E. Brent, Buffalo's first African American architect, at the Buffalo Zoo.

Cooper produces colorful and evocative abstract works for traditional and public settings. Most recognizably in our landscape, he worked with William Cooper (no relation) to produce two large fifty-foot

by twenty-foot murals installed at the Buffalo Niagara Medical Campus near the intersection of

Albright-Knox
Art Gallery

High Street and Michigan Avenue. Cooper has also worked with John Baker and other local artists to produce murals for the Buffalo Sabres and the

City of Buffalo.

For this project, Cooper collaborated with Christine Parker, a local historian and authority on the life and legacy of John Brent. Parker curated an exhibition at the Burchfield Penney Art Center, Through These

Gates: Buffalo's First African American Architect, John E. Brent (October 9, 1915–March 27, 2016), detailing Brent's contri-

Erie County Department Of Health Tips To Prevent Mosquito Bites

The Erie County Department of Health (ECDOH) is reminding county residents to stay vigilant in eliminating mosquito breeding grounds and preventing mosquito bites as the summer season ends. Routine surveillance of mosquito pools in Erie County has identified West Nile virus (WNV) present in the mosquito population this month. This is consistent with testing in previous summers. WNV is a mosquito-borne illness that infected mosquitoes transmit to humans through a bite. There are no medications to treat or vaccines to prevent WNV infection. Fortunately, the majority of individuals infected with WNV will not have any symptoms. Approximate-

ly one in five people who are infected will develop a mild fever with other flu-like symptoms. Fewer than 1% of infected people will develop a serious, sometimes fatal, neurological illness.

Recent cases of West Nile Virus in Erie County are relatively rare, with two reported cases in 2018, one in 2017, 12 in 2012 and three in 2011.

ECDOH recommends minimizing exposure to mosquitoes by limiting outdoor activities at dusk and dawn, covering as much skin as possible when outside, and using an effective insect repellent that contains 25-30% DEET on exposed skin. These tactics also protect against other insect-borne

Remembering Sabres Great Dale Hawerchuk

The entire hockey community was saddened with the passing of Dale Hawerchuk on Tuesday August 16th from stomach cancer. He was selected first overall in the 1981 NHL Entry Draft by the Winnipeg Jets from the Cornwall Royals who he had just led to consecutive Memorial Cup championships as the best junior team in Canada. In his draft year he scored an impressive 183 points with 81 goals and 102 assists.

In 1982 Hawerchuk won the Calder Trophy as the NHL's top rookie. In his career he scored 1,409 points (518 goals, 891 assists) in 1,188 career games for the Winnipeg Jets, Buffalo Sabres, St. Louis Blues and Philadelphia Flyers. And had 99 points (30 goals, 69 assists) in 97 Stanley Cup playoff games. He was inducted into the Hockey Hall of Fame in 2001. His best season was 1984-85, when he had 130 points (53 goals, 77 assists) in 80 games for the Jets.

Following nine years in Winnipeg Hawerchuk was traded to Buffalo along with a first round draft pick which Buffalo used to draft Brad May 14th overall. In exchange, the Jets received Phil Housley, Scott Arniel Jeff Parker and a first round draft pick which Winnipeg used to draft Keith Tkachuk 19th overall.

Hawerchuk gave Buffalo four years of solid play with 89, 98, 96 and

86 points from 1990-91 through 1993-94 as a second line center behind Pat LaFontaine, one of the best 1-2 center ice combinations of all time. He was especially big on the power play with 48 PPG among the 110 goals and 145 man advantage assists among the 245 he tallied for the Sabres. Following an injury plagued strike shortened 1994-95 season he signed as a free agent with the St. Louis Blues.

Hawerchuk's greatest

moment came during the 1987 Canad Cup tournament where he scored a goal and two assists in the decisive third game of the finals against the Soviet Union. Near the end of the third period he won the defensive zone faceoff that sprung Mario Lemieux and Wayne Gretzky for the winning goal. On that rush Hawerchuk hooked Soviet player Vladimir Bykov preventing him from catching Lemieux on the play and likely preventing the goal. In recognition of his ability to switch from being an offensive star to become a grinder, Hawerchuk was named MVP of the game. In a poll of NHL general managers during the mid-1980s asking them to select the player they would start a franchise with, Hawerchuk was voted third behind only Wayne Gretzky and Paul Coffey.

PRAYER TO ST. JUDE

Most holy apostle St. Jude Thaddeus faithful servant and friend of Jesus, the name of the traitor who delivered your beloved Master in to the hands of the enemies has caused you to be forgotten by many, but the Church honors and invokes you universally as the patron of hopeless cases and of things despaired of. Pray for me who am so needy; make use, I implore you of that particular privilege accorded to you to bring visible and speedy help where help is almost despaired. Come to my assistance in this great need that I may receive the consolations and succor of heaven in all my necessities, tribulations and sufferings particularly (here mention your petition) ... and that I may bless God with you and all the elect throughout eternity. I promise you, O blessed Jude to be ever mindful of this great favor, and I will never cease to honor you as my special and powerful patron and to do all in my power to encourage devotion to you. **Amen.**

Bird Island/Nowak Pier

Back in 1860 a small island existed out in Lake Erie called Bird Island. In order for ships to pass safely from Lake Erie into the Black Rock Channel and then into the Erie Barge Canal, it became necessary for a breakwall to be built. This wall would separate the raging Niagara River and form a calmer waterway easier for large barges to navigate. This breakwall was constructed from the southern tip of what was then called Squaw Island out to this tiny island. Hence it was called the Bird Island pier. Mostly constructed of huge rocks and concrete just randomly dumped with no design. All it was intended to be was a breakwater. That it was for years. It had no other use except for being a good fishing spot and a place to swim.

Back in the 1920's the pier was used for fishing and swimming. Notice no Peace Bridge but you can see the grain elevators and even the water intake near Bird Island.

This is what the pier looked like in the 70's. It was this way when I was a kid. Still we ventured out on it as it was a great place to swim (if you were a good swimmer) and fish. Caught lots of yellow pike out a little further than the bridge. It was dangerous as some times the water would pour over the wall in low spots leaving fishermen trapped out on the wall and needing to be rescued. It was still worth it.

The Bird Island Pier today is now the Nowak Pier named after the congressman who acquired the Federal funds necessary to rebuild it into a safe walkway out into Lake

Erie. The mile walk out onto the pier has become a Buffalo Tourist attraction. A must see to visitors. You see the rushing turbulent water of the Niagara River on one side, and the serene calm waters of the canal on the other. You may even see a large ship pass. You can hear the thunder of the trucks and cars over head as you pass under the Peace Bridge. Out far enough you can see the Buffalo skyline. Across the river you can see the old fort at Fort Erie. Terrific view.

If you do not mind driving in the dark walking out to the end and watching the sunset, it is exhilarating and breathtaking. Long walk back in the dark. Did it many times, even before there was a walkway. Fish seem to bite better at dusk.

Ask Rusty- What Will My Wife's Benefit Be If I Die?

Dear Rusty: I am 76 years old and began collecting Social Security when I retired at the age of 62. My wife also began collecting SS when she turned 62 based on my benefits. She did not work enough to qualify on her own for Social Security benefits. My question is, how much will my wife receive after my death? Will she receive what I receive now, or will it be a percentage of the total that we both receive? Or will it be based on just my benefits alone or some other formula? Signed: An Inquisitive Senior

Dear Inquisitive: Your wife's survivor benefit as your widow will be based upon your Social Security benefit alone. Usually a surviving spouse receives the same amount the deceased spouse was receiving at death, if that is more than the survivor

is already receiving, and if the survivor has reached their full retirement age. However, in your case, if you should predecease your wife there's a special rule which may benefit her because you claimed your benefit at age 62.

That rule says that because you claimed before your full retirement age (FRA), your wife's benefit as your survivor should be at least 82.5% of the benefit you were entitled to at your full retirement age (66), even though you actually claimed at age 62. And because your benefit was reduced by 25% when you took it at age 62, your wife's benefit as your widow may actually be more than you are receiving when you pass. This special rule is known as the "widow limit," which stipulates that a surviving spouse is entitled to

the greater of what the deceased was receiving while alive, or 82.5% of the deceased's "primary insurance amount" or "PIA," which is the amount due at full retirement age.

Here's an example: If your FRA benefit amount was \$1500/month, then your age 62 amount when you claimed was \$1125. But due to the special rule, your wife would get \$1238 (82.5% of \$1500) in-

stead of the reduced \$1125 amount. Of course, this example doesn't reflect the COLA (cost of living) increases which would have been applied to your benefit over the years, but as your widow and because you claimed before your full retirement age, your wife would be entitled to at least 82.5% of your PIA if that is more than the actual amount you were receiving when you passed.

Petco Foundation is hosting their annual "Holiday Wishes" grant opportunity. Ten Lives Club Cat Adoption Group encourages everyone who has adopted from them in the past 19 years to share their story of how their pet has changed their life. The Petco Foundation is granting more than \$750,000 this holiday season to qualified animal welfare organizations across the country. Awards will range from \$5,000 to \$100,000, and adopters with winning submissions will receive up to a \$1,000 Petco shopping spree and a

prize pack with BOBS from Sketchers shoes. Through September 23, adopters can submit their story at petcofoundation.org/holidaywishes. Stories should highlight how pets have changed their adopter's life for the better, in big and small ways, and should celebrate the love of their adopted pet. Submissions must include four photos to illustrate the story or it can be done in video form. However, animals submitted must be currently living. For more information on how to submit a story, upcoming events, adopt-

ing, or donating, please call their Main Shelter at (716)-646-5577 ext. 101

New Mural Honoring John E. Brent

butions to our region. In addition to his architectural work, Brent was an active leader in the African American community, serving as the first President of the Buffalo Branch of the NAACP.

Among Brent's most significant architectural designs is the Michigan Avenue branch of the Y.M.C.A.

(1928), which was his first large commission. He posthumously received recognition in Buffalo for the gates and landscape architecture he produced for the Buffalo Zoological Gardens. The cast iron gates, numbers three and four, created in 1935 and anchored in concrete piers with Onondaga limestone veneers, provide welcom-

ing entrances to zoo paths. The structures were listed on the National Register of Historic Places in 2013.

Cooper has utilized the scholarship and materials provided by Parker to create a mural celebrating Brent's accomplishments, with the finished work installed at the Buffalo Zoo adjacent to Brent's iron gates.

Erie County Department Of Health Tips To Prevent Mosquito Bites

diseases, such as Lyme disease carried by ticks.

"In a house or apartment, check screens and repair and holes or tears," said Commissioner of Health Dr. Gale Burstein. "Other barriers like nets for strollers and playpens, long sleeves and pants, socks and shoes, and hats are also good protective measures against mosquitoes."

Other steps can be taken on lawns and property to reduce the mosquito population.

- Eliminate local mos-

quito breeding sites--mosquitoes develop in standing water

- Do not leave standing water for longer than two days before dumping it out. Mosquito eggs can hatch in the amount of water left in a single bottle cap.

- Change water in bird-baths and planter bases every two days

- Clean clogged gutters to allow rainfall to drain freely

"Regular swimming pool maintenance and treatment can prevent mosquitoes from infesting an entire neighborhood," said

Senior Public Health Sanitarian Peter Tripi. "If you know of a swimming pool that is neglected, you can report that to Erie County's Division of Environmental Health at (716) 961-6800. Stagnant swimming pools with brown or green water are a public health threat."

Though these recommendations are for all Erie County residents, those who work spend time on gardening, landscaping, construction and outdoor building maintenance, and farming should take special note of these precautions.

Buffalo Zoo Welcomes Rhino

The Buffalo Zoo is excited to announce its newest resident, Lulu, the Eastern black rhino. The two-year-old rhino comes to Buffalo from the Cleveland Metroparks Zoo in Cleveland, Ohio. Lulu will take up residence in the Buffalo Zoo’s former elephant habitat. While the iconic and historic elements of the exhibit have not been changed, parts of the interior and exterior were modified to make a new home for Lulu.

For the last 30 years, the Buffalo Zoo has received national acclaim and had many successes with the greater one-horned rhino species including the most recent birth of Mohan in 2019 using the artificial reproduction process. This is the first time the Buffalo Zoo has had two species of rhino at once. While Lulu will reside in a separate exhibit, she will join greater one-horned rhinos, Mohan, Tashi, and George serving as import-

ant ambassadors for all rhino species.

Black rhinos are the smaller of the two African rhino species, the other being the white rhino. The most notable difference between white and black rhinos is their hooked upper lip. Located throughout eastern Africa, the Eastern black rhino is a subspecies of the black rhino. Lulu will reside behind-the-scenes for the next few weeks to become acclimated to her new habitat and animal care team. Guests can plan to welcome Lulu in early September and are encouraged to stay tuned to the Buffalo Zoo’s social media channels for updates and details of her public debut.

The Buffalo Zoo is currently open from 9:00 a.m. to 5:00 p.m. and closed on Tuesdays for deep cleaning and disinfection. To purchase tickets or for more information visit buffalozoo.org.

ADOPT A PET

Sponsored By The Buffalo Rocket

This Week's Featured Friend: **JET**

Jet is an approximately 3 year old mixed breed who came to the shelter as a stray and his owners never came to claim him. He is a really petite sized fellow in the 25-30 lb range (and is full grown). Jet almost looks like an overgrown Boston Terrier! Little Jet is a perky and fun loving fellow who loves his people and is very cuddly. He is not a huge fan of his kennel and is just so sad to be stuck at the shelter, so he cherishes all the time he can be outside with people and relishes any chance to play, run and frolic outside. Jet does pull a bit on the leash when he first gets out of his kennel, but calms down after the initial excitement fades. Pet ID: 44480040

Because of the COVID19 situation, the shelter is closed to the general public. If you would like to meet any of the adoptable dogs, please fill out an application online (if you are not already pre-approved), call the shelter, and leave a message with your name and phone number and the dog you're interested in.
