The St. Joseph's Day altar at Mother Cabrini Hall, created by Mary Fran and Nancy Gallagher as part of the Centro Culturale Italiano di Buffalo's annual St. Joseph's Day celebration.

VIVA SAN GIUSEPPE!  
Approximately 260 guests gathered at Mother Cabrini Hall for the Centro Culturale Italiano di Buffalo's annual St. Joseph's Day celebration, one of the organization's largest events and now in its second year at the hall.

The St. Joseph's Table tradition traces its roots to Sicily, where families pre-

pared altars and shared food with the community in gratitude to St. Joseph after prayers to end a devastating drought were answered. The tradition continues today as a celebration of charity, faith, and hospitality.

The evening opened with a procession of the Holy Family to the altar, followed by a blessing from Father Tran. Guests then

shared a traditional Lenten meal prepared by a dedicated team of volunteers.

Planning for the event begins nearly three months in advance, and this year's St. Joseph Day Committee was co-chaired by Pietro Mendola and Danielle Salvage.

### April Is National "Donate Life" Month

Every day in New York, someone is waiting for a life-saving organ transplant. For thousands of families, hope depends on the generosity of someone willing to give the Gift of Life.

Each April, my office proudly joins Donate Life New York State in recognizing National Donate Life Month, a time to raise awareness about the life-saving impact of organ, eye, and tissue donation and to honor the donors whose generosity has helped save countless lives.

Many people don't realize that one of the easiest places to become an organ donor is right at their local DMV. When Erie County residents visit the Auto Bureau to renew their driver's license, obtain a permit, or register a vehicle, they have the opportunity to enroll in the New York State Donate Life Registry. By simply checking "YES," motorists can help save and heal the lives of thousands of New Yorkers in need of transplants.

The impact of that simple decision is profound. Just one organ donor can save up to eight lives through the donation of hearts, lungs, livers, kidneys, pancreases, and intestines. In addition, tissue and eye donors can improve the lives of more than 75 people by restoring eyesight, helping burn victims heal, and preventing mobility loss or disability.

Today, nearly 8,000 New Yorkers are waiting for a life-saving organ transplant, including close to 800 individuals right here in Western New York. Beyond that, many more people depend on tissue and eye donations that can dramatically improve their

quality of life.

Meeting this critical need is made possible in part through the important work of the Erie County Auto Bureau. Since 2017, more than 225,000 Erie County motorists have enrolled in the Donate Life Registry through our local Auto Bureau offices. Erie County continues to exceed the statewide average, with 66% of eligible customers choosing to register, compared to 52.9% statewide. These impressive numbers reflect the compassion of our community and the dedication of the staff at the Erie County Auto Bureau.

Much thanks needs to be given to our Auto Bureau employees for their continued efforts to educate customers about the importance of organ, eye, and tissue donation. Through our partnership with Connect Life and Donate Life New York State, we have

made meaningful progress increasing registry enrollment across Erie County, but we must continue building on this momentum so that together we can save even more lives.

I encourage all motorists aged 16 and older to consider enrolling in the New York State Donate Life Registry the next time they visit an Erie County Auto Bureau office. No one is too old or too sick to register.

Simply check "YES" and sign the organ donation consent when applying for or renewing your driver's license, non-driver ID, or registering a vehicle in person for the first time. When you do, a heart symbol and the words "Organ Donor" will appear on the front of your license or identification card at no additional cost.

So, the next time someone asks, "Do you have a heart?" you can proudly answer, "YES."

According to Connect Life, about 80% of registered organ donors enroll through their local DMV when applying for or renewing a driver's license, learner's permit, or non-driver ID. To learn more about organ, eye, tissue, and blood donation, or to enroll in the registry, contact Connect Life at (716) 529-4300 or visit [donatelife.ny.gov](http://donatelife.ny.gov).

**OUR SHELTER IS OVERFLOWING WITH DOGS!**

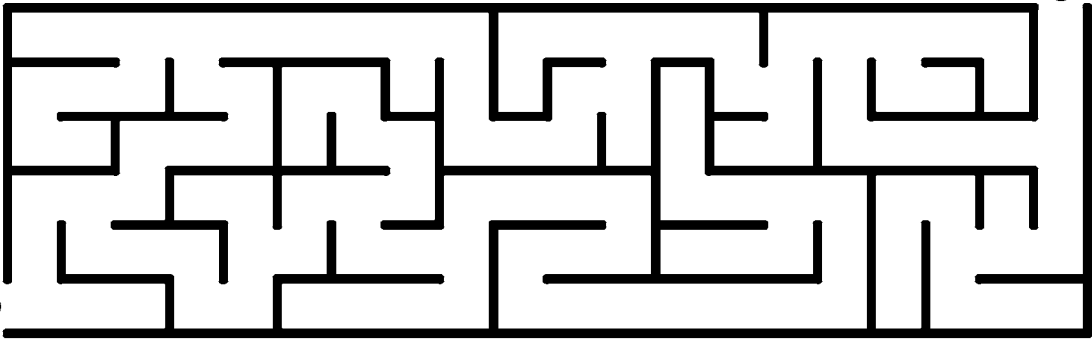

Meet Rico! This chocolate colored guy of 3 yrs of age was a surrender and he started out shelter life scared, unsettled, and looking for his home that he lost. He needed time to warm up to volunteers, to go outside, and to feel safe even in the stress of the shelter. He will look so much more handsome in a home with good food, less stress, and a comfy place to rest. His skin/coat needs some extra TLC and the shelter isn't the place, a few added pounds would probably benefit him as well. Rico was recently at 2 busy events and was so well behaved around lots of other dogs and people.

If you would like to meet any of the adoptable dogs, please fill out an application online (if you are not already pre-approved), call the shelter, and leave a message with your name and phone number and the dog you're interested in. Have patience, and they will call you back when they can. From there, a time will be scheduled for you to come and meet the dog. Please be patient, and remember they are very short staffed at the moment. Applications can be found at <https://friendsofcbas.org/adopt>

## Help! Social Security Reduced My Monthly Payment - Ask Rusty

**Dear Rusty:** My last Social Security payment decreased by about \$400, so I went to my online SS account and found a November 2025 letter explaining that my 2024 tax return showed a greatly enlarged AGI (Adjusted Gross Income). Thus, SSA decided to withdraw monies, as of Jan 2026, from my bank account because I'd owed far more monies to them! The letter itemized my greatly diminished 2026 SSA monthly payment, explaining should my next tax return show a regular AGI, then SSA would return my SS income to regular amounts (and return every prior month's deficits?). Said letter also mentioned an optional recourse, that of compiling an "Appeal" to regain my ongoing decreased income! The extra amounts now withdrawn for Medicare

Parts A and D alone are outrageously high. I'm a retired senior citizen on a fixed income.

According to SSA, my having sold a piece of land in 2024 allows SSA to decrease my SS income! Has this become a common practice against USA (senior) citizens? Thank you in advance for your input! **Signed: Feeling Wronged**

**Dear Feeling Wronged:** From what you have shared, it appears that your SS benefit amount has been affected by a provision known as "IRMAA" (Income-Related Monthly Adjustment Amount). IRMAA isn't really a Social Security issue, rather it is a Medicare premium thing. But when IRMAA applies, it reduces your net Social Security payment because Medicare premiums

are automatically taken from your Social Security benefit, thus making your net SS payment less. If you look at your gross Social Security payment (at your online "my Social Security" account) you will see that your gross SS payment did not change, but your Medicare premium did, thus affecting your net SS payment.

IRMAA, essentially, makes Medicare a "means tested" program, where those with a higher AGI can pay a higher Medicare Part B (and Part D) premium. However, IRMAA is usually based on AGI from two years prior to the current year (because your current AGI information isn't available from the IRS when Medicare premiums are determined in October of each year). FYI, you may have received a notice in the mail in early December telling you what your 2026 Social Security and Medicare amounts would be. In a nutshell, the land you sold in 2024 apparently increased your AGI to exceed the base IRMAA thresholds (which are \$109,000 if you file your taxes as a single, or \$218,000 if you file your income tax as "married/jointly"). And the IRMAA supplements are "progressive" (higher if your AGI is more), so if your Medicare premiums went up by about \$400 (about twice the 2026 standard premium) it's likely that your 2024 AGI was over \$137,000 if you filed as a single (or over \$274,000 if you filed as "married/jointly"). FYI, you can see the 2026 IRMAA brackets/premium amounts at this link: [www.ssa.gov/benefits/medicare/medicare-premiums.html](http://www.ssa.gov/benefits/medicare/medicare-premiums.html)

A couple of additional points:

- Your Medicare premiums will, indeed, revert to the standard amounts for 2027, if your 2025 AGI amount is under the IRMAA threshold for your tax filing status.
- There is no premium for Medicare Part A (which is coverage for inpatient hospitalization care) because you are receiving Social Security benefits. However, there is a premium for Part B of Medicare (which is coverage for outpatient medical services), and you must also separately pay a premium for Part D

(which is coverage for prescription drugs offered by private insurers). And these IRMAA supplements apply

even if you have a Medicare Advantage plan from a private insurer.
